

WEBS-RAY V2.5

TrinitySoft

Certificate Effectiveness Maintenance Report

Certification No : KECS-NISS-0137-2008

July 2012

IT Security Certification Center

1. TOE

WEBS-RAY V2.5

2. Date of Application

11 May 2012

3. Date of Activity

31 July 2012

4. Overview

The IT environment of the TOE is changed that the modules of Apache and kernel of dedicated OS which is the operational environment of the TOE are updated. The change to the certified product has no effect on assurance.

Therefore, the assurance as outlined in the Certification Report KECS-NISS-0137-2008 is maintained for this version of the product.

This report is an addendum to Certification Report KECS-NISS-0137-2008.

5. Changes to TOE

The module of Apache which is the operational environment of the TOE is updated from version 2.0.64 to version 2.2.22. The kernel of dedicated OS which is the operational environment of the TOE is updated from version 2.6.2 to version 2.6.32. But the security relevant implementations (source code) for the TOE are not changed.

6. Assessment

The vendor WEBS-RAY V2.5 submitted IAR [2] to IT Security Certification Center for approval. The IAR is intended to satisfy the requirements outlined in the document Assurance Continuity [1]. The IAR includes the following items;

A. The changes made to the certified TOE

B. The evidence updated as a result of the changes and,

C. The security impact of the changes

The vendor changed update of Apache and kernel of dedicated OS.

The TOE is correctly operated and meets all the SFRs in its security target [3].

7. Conclusion

The change to the TOE is that update Apache and kernel of dedicated OS newly.

There were not editorially updated in evidences.

Consideration of the nature of the change leads to the conclusion that it is classified as a minor change and that certificate maintenance is the correct path to continuity of assurance.

Therefore, IT Security Certification Center agrees that the assurance as outlined in the Certification Report [4] is maintained for this version of the product.
